

How many pins?

If you are pinning **SIDE BY SIDE** (see above):

1 Roll = 159 Pins

2 Rolls = 257 Pins

6 Rolls = 557 Pins

After 2 rolls, work on adding approx. 90 pins per extra roll.

If you are pinning at the short edge **END TO END**:

1 Roll = 153 Pins

2 Rolls = 303 Pins

6 Rolls = 903 Pins

After 2 rolls, work on adding approx. 150 pins per extra roll.

When you need to cut up and customize the shaping of the matting to suit your planting area, apply the following logic:

Edges: 0.5m spacing
Centre: 1m spacing
