

TerraFelt™ Synthetic Weed Mats & Rolls

Very popular high density needle punched polyester weed mat with 3 to 4 year UV rating. This product is used extensively in situations where superior performance and economics are a priority.

TerraFelt™ Weed Matting 150gsm

Coming in widths up to 4 metres wide by 100m long, this 150gsm product reduces laying time, is easy to install and gives operator efficiency. TerraFelt has good hydrophilic properties allowing water to penetrate and soil to breathe. Coupled with our new M100 Staple Gun, purchasers are finding this system's efficiency second to none.

Features/Benefits

- Very popular needle punched Polyester - felted finish for strength
- 3-4 year UV rating
- Offers the advantage of lower cost matting with longer durability
- Hydrophilic - allows water to penetrate and soil to breathe

Code	Size	Pack Qty
23435	2m x 100m	1 Roll
23482	4m x 100m	1 Roll

TerraFelt™ Mulch Mats 150gsm

- Needle punched polyester
- 3 to 4 year UV rating
- Economic option for those large commercial plantings
- Good hydrophilic properties that allow water to penetrate and soil to breathe
- Larger sizes can be made to order - please enquire

Code	Size	Pack Qty
23030P	250mm ² (Fold-over for double thickness)	1 Mat
23032	360mm ²	1 Mat
23037	450mm ²	1 Mat

Important: Before installing mulch matting or weed matting, thorough eradication of weeds from the area to be covered is strongly recommended. We advise spraying the site with an Organic Herbicide and allowing a few days before installing the matting.
