

Spraysmart 16L Knapsack Sprayer

The HD400 Backpack Sprayer is very popular with landscape contractors and farmers. Easily handles herbicides, pesticides and fungicides for weed control and crop protection.

Gutter to catch leakage at breathers
(avoid spray dribbling down your back)

Waterproof padded shoulder pads
(comfortable to wear and won't absorb dangerous chemicals)

Pumps to 6kpa
(penetrates foliage better for efficient control of pests)

Vertical moulded air gap
(reduced sweating/more comfortable)

Piston chamber holds 900ml
(less pumps for same output)

Lance stows away
(easy to transport and store)

Flat base
(very stable for safe storage)

Concave shaped tank
(comfortable on your back)

Chemical resistant seals
(longer life span)
