

# SquareGuard™ Tree Shelter

KBC SquareGuard™ 'wraparound' tree shelters are commonly known as the tree growers' 'insurance policy'. They provide great protection from browsing while providing an ideal micro-climate for growth.

## Features/Benefits

- Translucent twin-wall polypropylene design provides sufficient light and an ideal micro-climate for small seedlings
- 10's of thousands in use all over NZ
- Used by local authorities, nut growers, olive growers, native revegetation teams, farm foresters etc.
- Wraparound
- Recyclable
- Reusable

Available as a combo with:  
1 x sleeve, 1 x stake, 1 x mat
